A new NC law requires boat operators under the age of 26 to complete an approved boating safety education course, pass an exam, and carry a certification card that indicates that you successfully completed a course.

You MUST have a Boating Safety Certificate prior to May 1st 2010

“No person under 26 years of age shall operate a vessel with a motor of 10 horsepower or greater on the public waters of this State unless the operator has met the requirements for boating safety education.” Article 1 of Chapter 75A of the General Statutes of NC is amended by adding a new section to read:

“§ 75A-16.2. Boating safety education required”
